What would you like to do with your life? What career would allow you to fulfill your dreams of success? If you like mathematics-and the prospect of a highly mobile, international profession-consider becoming an actuary.

Szabo's *Actuaries' Survival Guide, Second Edition* explains what actuaries are, what they do, and where they do it. It describes exciting combinations of ideas, techniques, and skills involved in the day-to-day work of actuaries. This second edition has been updated to reflect the rise of social networking and the internet, the progress toward a global knowledge-based economy, and the global expansion of the actuarial field that has occurred since the first edition.

- Includes details on the new structures of the Society of Actuaries' (SOA) and Casualty Actuarial Society (CAS) examinations, as well as sample questions and answers
- Presents an overview of career options, includes profiles of companies & agencies that employ actuaries.
- Provides a link between theory and practice and helps readers understand the blend of qualitative and quantitative skills and knowledge required to succeed in actuarial exams
- Includes insights provided by over 50 actuaries and actuarial students about the actuarial profession
- Author Fred Szabo has directed the Actuarial Co-op Program at Concordia for over fifteen years
