Health Economics and Financing, 4th Edition Thomas E. Getzen

Health and medical professionals rely on Getzen for its engaging introduction to the economic analysis of medical markets. It is updated with the latest information in the field including a detailed look at health care reform and the emergence of Barack Obama's plan. The developing health care system in China is covered to provide a more global perspective. Investment cases along with a look at the ROI of specialty medical education are also presented. And new C-B and CEA case studies help health and medical professionals see how to effectively apply the principles and concepts.
