Willow Creek Press is proud to bring back to print Bradford Angier's classic *One Acre & Security: How To Live Off the Earth without Ruining It*. First published in 1972, Angier (deceased) is one of the pre-eminent voices of the back-to-the-earth movement. *One Acre & Security* is a book for all those who have dreamed of living close to the earth, not in the wilderness, but on land within easy driving distance of the city or suburbs. It begins by explaining what sort of land to look for, where to look and how to make sure of land titles. It goes on to discuss organic gardening on one acre of land, raising herbs for money and bees for honey, growing grapes, making wine, juice and jellies, and drying raisins. For the more serious back-to-the-earth, there are sections on how to build a house, keep cows, goats, sheep, pigs and poultry, raise rabbits, earthworms, fish, frogs and turtles, and how to find the best hunting and fishing. Angier's text is as useful and thorough today as it was 30 years ago, and deserves to be on the shelves of a new generation of back-to-earthers.
