God's Word and the Church's Council: Vatican II and Divine Revelation (Vatican II Series)

God's Word and the Church's Council: Vatican II and Divine Revelation (Vatican II Series)

The publication of the Vatican II document on Divine Revelation (Dei Verbum) was an exciting and challenging moment for the Church. While honouring the tradition, it also marked a quite dramatic development in the Church's attitude to modern critical analysis of the Bible and encouraged study and reflection on it by all members of the Church. The golden jubilee of its publication is a timely moment for a book such as this. It contains essays on various aspects of Dei Verbum by authors from around the world. They write from the perspective of their respective disciplines of biblical studies, patristics, theology, liturgy, philosophy, and communications media. They situate the document within the Jewish-Christian tradition, assess its reception since Vatican II, and its implications for the future.
