Hunter's Rise (The Hunters) Shiloh Walker

"Shiloh's books are sinfully good, wickedly sexy, and wildly imaginative!"--Larissa Ione, New York Times bestselling author

Playing by one's own rules is tempting danger for a female mercenary and a mysterious stranger in Shiloh Walker's new novel in a "scorchingly hot" series...*

His past is a mystery, even to him--a werewolf with memories so lost in a fog that even the Hunter's healers cannot help him. Two hundred years ago, Toronto awakened on an unfamiliar street, naked and alone. Dogged by the unanswered questions of his enigmatic existence, he fears he will never find the missing pieces of the puzzle that is his life.

The vampire Sylvia is no Hunter. She's a take-no-prisoner mercenary that just barely skates this side of what the Hunters consider acceptable. She has no use for them, their laws, their rules. All she wants is to hunt her quarry, and make a lot of money. Her newest prey is a killer as devious as he is slippery. But her newest complication is of a more intimate sort: A blonde, blue-eyed werewolf who interferes with her plans in so many exquisite ways.
