A Unit About WEATHER - Grades 3-6 Jo Ellen Moore, Bob Deweese

Everybody talks about the weather, now your students can do something about it! Here's a book brimming with hands-on experiences in forecasting, temperature bands, global warming, tornados, setting up a weather station, weather folklore, and tons more fun stuff! Topics studied include the water cycle, evaporation, condensation, clouds, climate, global warming, weather disasters, weather maps, and weather map symbols. Projects include: Do-It-Yourself Barometer, Set Up a Classroom Weather Station (with wind vane and anemometer), Local Weather Report and Predictions, Tornado In a Jar, and more.

You get many reproducibles, such as weather activity sheet patterns and cut & paste illustrations for use with calendar weather recorders. Bibliography and answer key provided, along with complete, step-by-step instructions for all projects. All 48 pages perforated for easy removal.
