The Spanish Influenza Pandemic of 1918-1919 (Rochester Studies in Medical History)

The Spanish Influenza Pandemic of 1918-1919 (Rochester Studies in Medical History)

Situating the Iberian Peninsula as the key point of connection between Europe and the Americas, both epidemiologically and discursively, The Spanish Influenza Pandemic of 1918-1919 sheds new light on what the World Health Organization described as "the single most devastating infectious disease outbreak ever recorded." The essays in this volume elucidate specific aspects of the pandemic that have received minimal attention until now, including social control, gender, class, religion, national identity, and military medicine's reactions to the pandemic and relationship with civilian medicine. While World War I, as the authors point out, is the context for these discussions, the experiences of 1918-19 remain persistently relevant to contemporary life, particularly in view of events such as the 2009 H1N1 swine flu pandemic and the Ebola outbreak of 2014. Contributors: Catherine Belling, Josep Bernabeu-Mestre, Liane Maria Bertucci, Ryan A. Davis, Esteban Domingo, Magda Fahrni, Hernán Feldman, Pilar León-Sanz, Maria Luísa Lima, Maria de Fátima Nunes, Mercedes Pascual Artiaga, María-Isabel Porras-Gallo, Anny Jackeline Torres Silveira, José Manuel Sobral, Paulo Silveira e Sousa, Christiane Maria Cruz de Souza. María-Isabel Porras-Gallo is professor of history of science in the Medical Faculty of Ciudad Real at the University of Castilla-La Mancha (Spain). Ryan A. Davis is assistant professor in the Department of Languages, Literatures, and Cultures at Illinois State University.

From reader reviews:

Gary Morrell:

Reading a guide tends to be new life style in this era globalization. With examining you can get a lot of information which will give you benefit in your life. Along with book everyone in this world can certainly share their idea. Ebooks can also inspire a lot of people. Lots of author can inspire their own reader with their story or their experience. Not only the storyline that share in the publications. But also they write about the information about something that you need case in point. How to get the good score toefl, or how to teach your kids, there are many kinds of book which exist now. The authors in this world always try to improve their expertise in writing, they also doing some investigation before they write to their book. One of them is this The Spanish Influenza Pandemic of 1918-1919 (Rochester Studies in Medical History).

Ronald Hopkins:

Spent a free time for you to be fun activity to do! A lot of people spent their down time with their family, or all their friends. Usually they carrying out activity like watching television, about to beach, or picnic inside park. They actually doing same every week. Do you feel it? Would you like to something different to fill your own free time/ holiday? Can be reading a book could be option to fill your totally free time/ holiday. The first thing that you will ask may be what kinds of reserve that you should read. If you want to consider look for book, may be the guide untitled The Spanish Influenza Pandemic of 1918-1919 (Rochester Studies in Medical History) can be great book to read. May be it is usually best activity to you.

Clifford Harris:

People live in this new morning of lifestyle always try and and must have the spare time or they will get large amount of stress from both day to day life and work. So , once we ask do people have free time, we will say absolutely indeed. People is human not really a huge robot. Then we inquire again, what kind of activity are you experiencing when the spare time coming to anyone of course your answer will unlimited right. Then do you ever try this one, reading ebooks. It can be your alternative within spending your spare time, often the book you have read is The Spanish Influenza Pandemic of 1918-1919 (Rochester Studies in Medical History).

Ralph Pettie:

As a pupil exactly feel bored for you to reading. If their teacher requested them to go to the library as well as to make summary for some guide, they are complained. Just tiny students that has reading's heart or real their pastime. They just do what the trainer want, like asked to go to the library. They go to right now there but nothing reading seriously. Any students feel that studying is not important, boring as well as can't see colorful pics on there. Yeah, it is to become complicated. Book is very important in your case. As we know that on this age, many ways to get whatever we would like. Likewise word says, ways to reach Chinese's country. Therefore , this The Spanish Influenza Pandemic of 1918-1919 (Rochester Studies in Medical

History) can make you sense more interested to read.
