### **Drawing For Beginners - The Complete Guide To Drawing Shapes, Portraits, Doodles, Pictures And Additional Pencil Drawing Tips And Tricks!**

While the human body may quest for various biological and physical needs, the human soul urges for various desires which need an elaboration of inspirations and emotions.

In this quest for fulfilling these desires man has taken the help of various mediums. Art is one of this medium which is driven by innovation, creativity and vision.

Art has various types and mediums, all of which strive to observe and express the unseen. Drawing is one major category of art which has been used since ages.

It is considered to be a primary category of fine arts which links different other mediums and categories.

In this book I have discussed all those major techniques and tricks of drawings which are frequently used in almost all mediums and categories. So whatever the medium of interest you pursue in the art of drawing, this book can serve as a help for you.

### **The chief considerations of this book include the discussion about following major topics:**

- An introduction discussing the artistic and creative essence of drawing. The elements which make art, a real elaboration of one's soul.
- The historical roots of drawing and the different categorical subdivisions of drawing.
- An elaborative discussion about drawing techniques involved in the formation of objects, shapes and sceneries.
- The techniques and tricks involved in pencil drawing and different guidelines for beginners to attain mastery in the art of drawing.
