Cases and Materials on Statutory Interpretation (American Casebook Series) William Eskridge Jr, Philip Frickey, Elizabeth Garrett

Drawn from and updating the materials in the authors' landmark casebook on Legislation, this new casebook is a comprehensive and highly teachable introduction to Statutory Interpretation. Reflecting new scholarship as well as recent federal and state cases, the editors have included and updated the many teachable statutory interpretation cases found in the longer legislation casebook. This shorter casebook is perfect for upper-level legislation courses that focus on statutory interpretation and for first-year regulatory state courses that spend a significant time on statutory interpretation.
