WATERMARK

Michael Hewes

WATERMARK Michael Hewes

In the days after Hurricane Katrina, Mississippi attorney and author Michael Hewes returned to his former home only to find it destroyed. Sitting amongst the wreckage was a binder that contained intimate photos of a couple he didn't know, doing things that clearly weren't meant for sharing.

This discovery got Hewes thinking about what would have happened if he had discovered something that wasn't just embarrassing, but that had actual legal, criminal - or potentially fatal - implications.

He turned that idea into *Watermark*, an intelligent, fast-paced legal thriller that will delight fans of Grisham, Turow, and Baldacci.

When Matt Frazier returns to his home in Gulfport, Mississippi in the wake of the largest hurricane to ever come ashore in the United States, he expects a disaster. What he finds is a catastrophe.

But it's not what the storm took away that gets Matt's attention—it's what it left behind. Deep in the debris under what remains of his house, something has washed up that makes Matt the central target in a deadly conspiracy involving some very high-profile players.

Not knowing who to trust, Matt must turn to his eccentric neighbor, his best friend, and ultimately his estranged wife to try and help him stay one step ahead—and alive—long enough to bring some order back into his life.

From reader reviews:

Sheila Foxworth:

As people who live in typically the modest era should be update about what going on or details even knowledge to make all of them keep up with the era that is certainly always change and progress. Some of you maybe may update themselves by examining books. It is a good choice for you but the problems coming to a person is you don't know what kind you should start with. This WATERMARK is our recommendation to make you keep up with the world. Why, since this book serves what you want and want in this era.

Shanon Stephens:

In this period of time globalization it is important to someone to receive information. The information will make you to definitely understand the condition of the world. The condition of the world makes the information quicker to share. You can find a lot of personal references to get information example: internet, magazine, book, and soon. You will observe that now, a lot of publisher in which print many kinds of book. The book that recommended to you is WATERMARK this reserve consist a lot of the information in the condition of this world now. This kind of book was represented how do the world has grown up. The terminology styles that writer use to explain it is easy to understand. The actual writer made some study when he makes this book. That's why this book suitable all of you.

Brenda Wright:

Beside that WATERMARK in your phone, it could possibly give you a way to get nearer to the new knowledge or information. The information and the knowledge you will got here is fresh from oven so don't be worry if you feel like an outdated people live in narrow community. It is good thing to have WATERMARK because this book offers to your account readable information. Do you sometimes have book but you rarely get what it's interesting features of. Oh come on, that will not end up to happen if you have this within your hand. The Enjoyable agreement here cannot be questionable, just like treasuring beautiful island. Techniques you still want to miss this? Find this book and read it from at this point!

Victor Dinh:

A lot of publication has printed but it is unique. You can get it by online on social media. You can choose the most effective book for you, science, comic, novel, or whatever by simply searching from it. It is called of book WATERMARK. You can contribute your knowledge by it. Without departing the printed book, it could add your knowledge and make a person happier to read. It is most significant that, you must aware about reserve. It can bring you from one location to other place.
