Just what is amazing sex? There are hundreds, or maybe even thousands, of different positions, settings, and stimuli that can all be amazing. But amazing sex is more than just feeling good. Amazing sex is ultimately about what makes you feel connected, sensual, and human. The most amazing sex is also sex that is done responsibly, and often, lovingly.

Some people might think that they don't need a book to teach them how to have sex. Although it's true that some aspects of sex acts are innate, when it comes to having amazing sex, most people could use some fine-tuning. There is always more to learn about sex. You learn about sex from having sex, but you also learn about sex from sex education. This book is great sex education. There's a lot in here, 416 pages worth of sexy info. You're sure to learn a thing or two...or three or four or more.

Besides just teaching you how to spice up your sex life, this book will also explain the basics about sexuality. Many people never learned essential sex information because they were too embarrassed to ask questions about sex. Some people even think that talking about sex is a big no-no. They may prefer to keep quiet about sex, unless they are telling a dirty joke, or talking about someone else's sexual exploits (maybe their favorite politician's?). But the more you talk about sex, and the more you read about sex, the better your sex life can become. I have written this book so it will be fun and easy to learn from. It will help you understand the basics, as well as grasp the more complex concepts about sexuality. This book is a refresher for old pros, a primer for beginners, a peep into new worlds for the timid, and a jumping off spot for the adventurous. It delivers many tantalizing bites for all of you who are hungry for even more in your sex life—all in a ready-to-roll, easy-to-use, hot-tip-filled format. Enjoy it and may it make you a more amazing lover!
