Urban Geography 2nd ED (Routledge Contemporary Human Geography)

Tim Hall

Urban Geography 2nd ED (Routledge Contemporary Human Geography) Tim Hall

The concept of this book is excellent..it was interesting, well-written and accessible...it provides a useful tool for urban geographical studies" Geographical Journal 1999, on the 1st edition

This text introduces both 'traditional' and contemporary approaches and perspectives in urban geography.

This substantially revised edition of *Urban Geography* now features updates on recent urban policy initiatives and urban changes, including the influence of CCTV on the city and the impacts of Millennium projects. New sections contain an evaluation of the impact of place promotion, a discussion of new cultural geography and the city, and a new chapter on sustainable urban development. As with all the texts in this popular series, it includes boxed case studies, further reading suggestions and extensive illustrations.
